ALVI'S DRIFT

RESERVE RANGE SAUVIGNON BLANC

Pale crystal-clear in colour, this enticing, energetic wine has a fresh, inviting nose that boasts attractive floral aromas of rose petal, with hints of white peach and granadilla. It has a pinpoint balance with refreshing acidity, fine texture, a weightless depth and a presence that lingers on the palate, with a fresh, mint-and-lime finish.

ON THE VINES

With an ideal Mediterranean microclimate, an abundance of soil diversity and water from the life-giving Breede River, the Alvi's Drift vineyards are ideally positioned for producing remarkable wines of unique character and complexity.

The Sauvignon Blanc grapes destined for this wine are carefully hand-harvested from selected vineyards growing on cool, south-facing slopes in ancient limestone and sandy loam soils. These soil types and topography contribute to the rich terroir the Breede River Valley is so famous for, creating ideal conditions for the cultivation of superb Sauvignon Blanc grapes.

IN THE CELLAR

Our Reserve range showcases the best of our harvest; a fusion of our trademark fresh, primary-fruit style – with just a hint of the luscious and opulent barrel-fermented style of our Albertus Viljoen Icon range.

For this wine, premium Sauvignon Blanc grapes, hand-harvested in the cool, early morning hours are delivered to our cellar, after which grapes are crushed. To add to the complexity of the wine, wild yeast is added to clear juice before cold fermentation commences in steel tanks.

After cold fermentation, the wine is transferred to new French oak barrels for 6 months of maturation.

CULTIVAR INFORMATION

100% Sauvignon Blanc

ANALYSIS

Alcohol: 12.9%
Residual Sugar: 4.4 g/l
Acidity: 6.6 g/l

PAIRING SUGGESTION

This wine can be enjoyed with roasted asparagus topped with fresh goats' milk cheese, a zucchini quiche or shrimp salad. It will also complement fresh oysters and grilled fish or poultry.

Serve between 8-10 °C.

HERITAGE

The wine labels on bottles from our Reserve range feature an illustration of Alvi's Drift, the low-water bridge over the Breede River cutting through the family farm. Our patriarch, Albertus Viljoen "Oupa Alvi" van der Merwe, was instrumental in having this bridge built back in 1930.

Oupa Alvi's son Bertie started wine production on the family farm and today Bertie's son, Alvi's Drift winemaker Alvi van der Merwe produces the winery's award-winning wines, enjoyed by wine lovers around the globe.

Our Alvi's Drift Reserve range is the culmination of our pursuit of excellence in producing outstanding wines of unrivalled complexity.
